

## Sweet Gas Field Operator (Contract Position)

### THE COMPANY

Headquartered in Calgary, Alberta and with operations near Fort St. John, British Columbia, Pacific Canbriam Energy Limited ("PCE") is committed to our 5Cs business philosophy of creating benefits for our Community, Country, Climate, Customer, and Company.

Pacific Canbriam believes that the quality of its resource is a strategic asset that differentiates the company. Early efforts to identify a scalable, low cost supply source led to a focus in the Altares and Kobes Montney regions in northeast B.C. The Montney is a world class resource and Altares is among the highest quality areas. The region possesses a unique combination of thickness and over-pressure, which contributes to highly efficient stacked resource development and strong well deliverability. Pacific Canbriam's Montney resource also possesses a high liquids content and overall rock quality that translates into a highly competitive supply cost.

We believe that teamwork is the foundation of our success. We have established a culture where problem solving skills and excellence are highly valued. Individual technical disciplines collaborate to achieve common objectives and continuously improve results. PCE's strategy and its culture are centred on this commitment.

The next iteration of our integrated approach relates to the planned export of our natural gas to markets in growing economies overseas. To achieve this aim, Pacific Canbriam will supply B.C.'s proposed Woodfibre LNG project, which will liquefy the natural gas and load it into vessels. The natural gas will be shipped to help supply a growing demand for cleaner sources of energy in Asia.

### THE POSITION

PCE is looking to hire a Contract Field Operator to join our growing team. Reporting to the Field Lead Operators, as an effective team member you will be responsible for the safe operations and maintenance of our Sweet Gas wells in the Altares area. This is a camp-based position based on 7 on & 7 off, or 14 on & 14 off, 12-hour shifts; both days & occasional night coverage is required. PCE's camp is located approximately 124 kms northwest of Fort St. John, BC near Hudson's Hope, BC. The successful candidates must be prepared to work extra hours and be on-call as required. The individuals will have the following core responsibilities:

#### *Core Responsibilities*

- Daily field site tasks including pipeline pigging, sand filtration & 3 phase separation
- Daily production reporting
- Adhere to and engage in PCE's safety protocol
- Recognize operational problems and troubleshoot
- Recognize abnormal operating conditions of equipment
- Conduct work within the procedures, standards and policies that are in place

## THE INDIVIDUAL

This is an exciting and challenging position in a growing organization. As such, it is critical that the successful candidates possess the following experience, certifications and requirements:

- Minimum of 5+ years of related industry experience
- Production Field Operations Certificate (would be considered an asset)
- Compression and Dehydration experience
- Valid Class 5 drivers' license
- Safety certification including First Aid, H2S Alive
- Independent Contracting Documents – liability insurance, Certificate of Incorporation, proof of WCB coverage, vehicle insurance
- Ability to demonstrate computer literacy
- A strong team player, capable of working closely with a variety of groups but also a self-starter who is capable of working independently with minimal or no supervision
- Job applicants should expect to be drug/alcohol tested as part of the hiring process

## APPLICATION PROCESS

Please submit your resume and a cover letter to [hr@pacific-canbriam.ca](mailto:hr@pacific-canbriam.ca) expressing your interest in the position and address your cover letter to **Neil Schilling and Riley Brown, Field Shift Leads**. To be considered, your cover letter **MUST** detail how your specific expertise and experience relates to the qualification requirements.

Applications are being accepted until **5:00 pm on Monday, December 12, 2022**. We thank all applicants for taking time to apply; however only those selected for an interview will be contacted.
